Kors Library

1

EDIT

The **Kors Library** is the only library in the kingdom of [Cidaris](#), located in [Vole](#). The building was commissioned by the [Kors](#) family, and it is now maintained by the priesthood of [Kreve](#). It is a private library, only available to the [Kors](#) family, the priests, and guests who are rich enough to buy themselves in or have earned some favor with the [Kors](#) family.

The priesthood of [Kreve](#) resides in a monastery that is a part of the library's building.

Many accounts of the town's history are kept here, but in recent years, they started to import various books, some very questionable and esoteric in nature.
